## CHILDREN TO PARADE.

Day of Days for Williamsburg  
Sunday-School Scholars.

and Marshal Scott Expects to  
Have 24,000 in Line.

Seen Along the Line of March  
Tastefully Decorated.

Twenty-five thousand officers, teachers  
and scholars connected with the forty-  
even Sunday-schools comprising the  
Eastern District Sabbath-School Association,  
Brooklyn, are preparing to-  
day because the weather is favorable  
for a fitting celebration of the thirty-  
and anniversary of the Association.

GRAND MARSHAL GEORGE SCOTT.  
For months everybody interested in  
the Association has been working with  
a will to make this day an eventful one  
in Eastern District Sunday-school circles.  
The parade, of course, will be the  
feature of the celebration.

Grand Marshal Scott has made ar-  
rangements to parade at least 24,000 chil-  
dren on Bedford avenue this afternoon.  
If he does, it will be the largest parade  
of the kind ever held in Brooklyn or  
anywhere else.

ASSISTANT GRAND MARSHAL GEORGE R.  
VALENTINE.

Unlike the anniversary programme of  
the Western District Association, the  
Williamsburg children all parade to-  
gether. Each separate division holds  
preliminary services in the several  
churches.

The Association does not control the  
character of these exercises, each of the  
twenty-two divisions being left to do as  
it desires.  
The programme will consist for the  
most part of singing, prayer and ad-  
dresses.  
The active work attending the cele-  
bration was begun last night, when  
Grand Marshal Scott and his deputies  
opened headquarters at the First Baptist  
Church, Lee avenue and Kenilworth.  
Encouraging reports were heard from  
every division. All the arrangements  
were completed and the marshals went  
home praying for a clear day.

Early this morning the grand marshal  
changed his headquarters to 41 Bedford  
avenue. That is right on the parade  
ground. The several Sunday-schools will  
meet at the churches assigned them at  
1:30 o'clock.  
The exercises there will begin at 1:45  
o'clock, and will end in time for the di-  
visions to reach the parade ground be-  
fore 2:15 o'clock.

The parade will be formed on Bedford  
avenue and the cross streets adjacent to  
it between Broadway and Division ave-  
nue.

It will form in two sections, on the  
east and west sides of Bedford avenue.  
The east section will form as follows:  
No. 1—South side of Broadway.  
No. 2—North side of Broadway.  
No. 3—South side of South Eighth street, be-  
hind No. 1.  
No. 4—South side of South Eighth street, be-  
hind No. 2.  
No. 5—North side of South Ninth street, be-  
hind No. 3.  
No. 6—North side of South Ninth street, be-  
hind No. 4.  
No. 7—South side of Division avenue, be-  
hind No. 5.  
No. 8—South side of Division avenue, be-  
hind No. 6.  
The west section will comprise:  
No. 9—South side of Broadway.  
No. 10—North side of Broadway.  
No. 11—South side of South Eighth street, be-  
hind No. 9.  
No. 12—North side of South Eighth street, be-  
hind No. 10.  
No. 13—South side of South Ninth street, be-  
hind No. 11.  
No. 14—North side of South Ninth street, be-  
hind No. 12.  
No. 15—South side of Division avenue, be-  
hind No. 13.  
No. 16—North side of Division avenue, be-  
hind No. 14.

The review stand has been erected at  
the fountain near the corner of Morris  
street.

The parade ground will be on Bedford  
avenue from Division avenue to Flushing  
avenue. Nearly every house along  
the line of march will be decorated with  
flags and bunting. Mayor Scherren and  
a large number of city officials will  
review the parade. The formation  
will be as follows:

John J. Kane, proprietor of the  
grocery.  
This house is a three-story brick,  
owned by W. B. Kane, of Park  
avenue and South street, and is occu-  
pied by half dozen families. The  
damage to the building and stock is  
estimated at \$300.

"The Maid of Plymouth."  
The merry-making opera company, The Bos-  
tonians, will produce "The Maid of Plymouth"  
at the Amphion Theatre tonight. The company  
includes Josephine Davis. In the new opera  
Henry Clay Barnard plays the Elder, Eugene  
Cowan plays the part of Miles, and George  
Frost plays the part of Miles.

Victim of an Explosion Dead.  
LONG BEACH, Cal., June 7.—A man  
Plate, a colored dressmaker, of 74 West avenue,  
who jumped out of a second-story window yesterday  
with her clothes ablaze from the explosion  
of a bomb, died this morning at St. John's Hospital.

The Montanah Sails Away.  
The United States Monitor Montanah, under-  
going major repairs at the Brooklyn Navy-Yard,  
will sail for New London Saturday. From there  
she will cruise along the New England coast,  
arriving at Portland, Me., in time to participate  
in the Fourth of July celebration.

## FIGHT FOR A STREET.

Boulevard Line Goes to Law to  
Get a Right of Way.

Wants to Run Cars Through a West-  
ern Parkway.

Property Owners Won't Give Their  
Consent.

Residents of that fashionable and ex-  
clusive thoroughfare, West Eighth-sixth  
street, between Amsterdam avenue and  
Central Park West, are agitated over  
the latest effort that is being made to  
have a railroad constructed on that  
streetside.

Property-owners and occupants of  
houses in that portion of Eighty-sixth  
street above mentioned have success-  
fully fought every attempt to secure  
permission to lay tracks there, and as a  
last resort the Railroad Company has  
appealed the court.

The application has been made to the  
General Term of the Supreme Court for  
the appointment of Commissioners who  
will decide, after hearing both sides,  
whether the railroad should be built.  
The application, which will be heard on  
June 14, is made under article 4, section  
16 of the Constitution, which is as fol-  
lows:

The Legislature shall pass general laws  
providing for the cases enumerated in this section, and  
in cases in which it is proposed to construct or operate a  
street railway, the Legislature shall provide for the con-  
struction of the railway, and for the compensation of the  
property-owners and occupants of houses in that portion  
of the street in which the railway is to be constructed,  
and for the compensation of the property-owners and oc-  
cupants of houses in that portion of the street in which  
the railway is to be operated.

The people of Eighty-sixth street did  
not want their beautiful roadway de-  
stroyed by street car tracks. They suc-  
ceeded in their fight, but now they are  
facing a new battle. The Railroad Com-  
pany has brought a combined protest from  
the residents of the street against the  
railroad. They said that Eighty-sixth  
street was the natural outlet for the  
traffic of the street, and that the trans-  
verse road, and as tracks were al-  
ready laid on Eighty-sixth street, the  
Amsterdam avenue to Riverside drive  
they did not see why the whole neigh-  
borhood should be gridironed with  
tracks.

The application of the right of way on  
Eighty-sixth street is being made by the  
Boulevard Line. It is the intention  
of the Company to build the road as a  
connecting link between the east and  
west side. Everybody in and near  
Eighty-sixth street is in favor of a road,  
everybody wants it, but no one wants it  
on their street.

## WILLEHAD'S MAIDEN TRIP.

North German Lloyd Line's New  
Steamer Passenger Steamship.

The new steamship Willehad, of the  
North German Lloyd Line, reached her  
dock in Hoboken this morning, completing  
her maiden trip in 13 days and 12 hours.  
She left Bremen on May 24 with 432  
steamer passengers and a cargo of gen-  
eral merchandise.

The Willehad is a sister ship to the  
Wilhelm of the same line. She is 384  
feet in length, 46 feet beam, 30 feet  
depth of hold, and is of 4,988 tons burden.  
She is equipped with twin screws and  
is a very fast ship. Her normal speed  
is twelve knots. She is commanded by  
Lieutenant Commander, and George Holt is  
first officer.

The Willehad has no accommodations  
for passengers, but those who desire  
steamer are considered superior to any-  
thing afloat. Instead of carrying sail,  
she has a full complement of engines and  
machinery. The staterooms in the lower  
hold are filled with 600 tons of fresh  
water. This allows the steamer passen-  
gers to bathe and wash their clothes.  
The lavatories are very roomy and contain  
fresh water shower baths.

Henry left his companions and went  
back to the men. A fight ensued in  
which Henry was knocked down and  
lumped home. He was home next morn-  
ing. Henry discovered that he had been  
in the chest and twice in the abdomen.

Coroner Kene has been notified of his  
condition.

## FOUR CHILDREN MISSING.

Brooklyn Police Looking for Two  
Boys and Two Girls.

A general alarm was sent out by the  
Brooklyn police to-day to look out for  
four missing children.  
Eddie Glynn, ten years old, of 113  
Conseley street, left his home yesterday  
and has not been seen since.

Arthur J. Gohman, fourteen years  
old, of 128 Prospect place, attended public  
school yesterday morning to attend public  
school. He was last seen at home. His  
mother, Maggie McCormick, twelve years old,  
of 48 Pearl street, has been missing from  
home for some time.

The girl left at Crow Hill, and while  
taking them home Henry and Farrell  
met two men on the Eastern Parkway  
who asked for some tobacco. The men  
had passed they began calling back at  
the girls.

Henry left his companions and went  
back to the men. A fight ensued in  
which Henry was knocked down and  
lumped home. He was home next morn-  
ing. Henry discovered that he had been  
in the chest and twice in the abdomen.

## MUNYON'S INFLUENCE.

Facts From His Private Records.  
Startling Testimony From a Veter-  
an Police Officer.

William J. Newell, an officer of the  
First Precinct, says: "No tongue can  
describe the suffering I endured from  
rheumatism for seven years. My feet  
and limbs would be so sore I could  
scarcely walk and my arms would ache  
as though they were being pulled out.  
I used Munyon's Rheumatism Cure, and  
was entirely cured in a remarkably  
short time."

Professor Munyon's private records show  
that since the beginning of 1894 his  
Home Remedies have cured:  
1,811 cases of Rheumatism.  
2,300 cases of Dyspepsia and Liver  
Complaints.  
800 cases of Throat and Lung  
and Catarrhal Diseases, all but 4 per cent.  
of Kidney and Bladder troubles, thou-  
sands of cases of Piles, Constipation,  
Neuralgia and diseases of women and  
children. Call them the "testi-  
monials; they will convince the most  
skeptical."

Professor's Home Remedies Company  
prepare cures for every disease, which  
are sold by all druggists.  
If you are in doubt what remedy to  
take send for the "Guide to Health"  
or call on Professor Munyon. Every cure  
revolves personal attention. If you can  
be cured you will be told so, if you are  
incurable you will be told so. You can  
live your life, and not a penny to pay  
for examinations or advice.

caused by the investigation made by  
the Board during the past week of the

ceeded by Alderman Dunsberry. What-

## BAD NEWS FOR SCRAPPEES.

Judge Deque Declares that "Exhi-  
bitions" Are Prize Fights.

NEWARK, N. J., June 7.—In his charge  
to the June Grand Jury to-day Judge  
Deque, referring to boxing and fights,  
declared that when two men were at a  
ring-side no matter in what guise, with  
or without gloves, it was a prize-fight,  
and clearly a violation of the law.

The people of Eighty-sixth street did

## DASHING OVER TOMSTONES.

A Runaway Horse Causes a Stir in  
Evergreen Cemetery.

A runaway horse dashing over graves  
and tombstones and dragging a buggy  
after him created a stir in Evergreen  
Cemetery, near Elizabeth, yesterday.

Before the horse was discovered he  
had smashed the buggy, and John Helm,  
of Lyons Farms, who was driving, was  
knocked out and his horse killed. This  
morning the body of the horse was found  
in the Elizabeth City Hospital.

FAMOUS WILL CASE SETTLED.

Last Testament of the Late Duke of  
Sutherland Not Contested.

(By Associated Press.)  
LONDON, June 7.—In the Probate Divi-  
sion of the High Court of Justice, before  
Justice the Right Hon. Sir Francis  
Henry James, the famous Sutherland  
will case came up for hearing to-day.

The court was crowded with people,  
and a number of ladies were seated on  
the bench. Among those present was  
the Duke of Westminster. A quarter of an  
hour of indulgence before the suit was  
called was granted, and when counsel  
and the interested persons returned to  
court it was announced that an agree-  
ment had been reached between the parties.  
The agreement was to the effect that the  
limitation of the territory leased to  
the Duke of Sutherland, contested the action.

This was an action brought by the  
Duchess of Sutherland to have the  
Court declare valid the will and  
by the terms of which she was to  
benefit to the extent of £50,000. The  
plaintiff's stepson, the present Duke of  
Sutherland, contested the action.

The Duchess of Sutherland is the  
daughter of the Rev. Richard Mil-  
chell, Professor of History at Hertford  
College, Oxford. Her first husband, Capt.  
Arthur Kniesner Blair, was shot and  
killed accidentally by the late Duke of  
Sutherland while deer-stalking.

The Duchess was married, became in-  
fested with Mrs. Blair. The Duchess of  
Sutherland died, it was said, of a broken  
heart in 1888, and on March 4, 1889, the late  
Duke of Sutherland married Mrs. Blair  
in Florida.

The Duchess of Sutherland was  
some time ago sent to jail for con-  
tempt of Court in refusing a document  
supposed to have a bearing upon the  
will case, and which she had been ordered  
to produce.
